Viticulture

Rocky soil with limestone, 700m above sea level.
Mediterranean climate with long, warm summers and mild winters.

Winemaking

The wine has spent 12-14 months in American (80%) and French (20%) oak barrels. It has then been aged for at least 12 months in the bottle.

Tasting notes

Cherry red color with maroon borders. The nose is clear with overtones of vanilla and nuts. The palate is complex and smooth with a persistent flavor.

Goes well with spicy meat dishes. Excellent with game or aged cheese.
Will improve with aging.
